

United States Senate

WASHINGTON, DC 20510

May 21, 2025

The Honorable Lisa Murkowski
Subcommittee on Interior, Environment, and
Related Agencies
U.S. Senate Committee on Appropriations
Dirksen Senate Office Building
Washington, D.C. 20510

The Honorable Jeff Merkley
Subcommittee on Interior, Environment, and
Related Agencies
U.S. Senate Committee on Appropriations
Dirksen Senate Office Building
Washington, D.C. 20510

Dear Chair and Ranking Member,

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2026 **Senate Appropriations Subcommittee on Interior, Environment, and Related Agencies Bill**, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate. None of the entities for which I have requested congressionally directed spending are for-profit entities.

Sincerely,

A handwritten signature in black ink, reading "Adam B. Schiff". The signature is fluid and cursive, with the first name "Adam" and last name "Schiff" clearly legible, and a middle initial "B." in between.

Adam Schiff
United States Senator

**Schiff, Adam(D-CA) Interior and Environment
Congressionally Directed Spending Requests**

| Recipient Name | Project Purpose | Project Location | Amount Requested (\$000) |
|---|--|--------------------------------|---------------------------------|
| Los Angeles County Department of Public Works | Funding will be used to provide sewer services in a fire-impacted area to improve public health and protect the environment. | Alhambra CA | \$5,000 |
| Amador Water Agency | Funding will be used for the improvement of a water treatment plant. Improvements with ensure that the Agency is able to meet requirements for reliable capacity for existing demand. | Amador County CA | \$9,774 |
| Borrego Water District | Funding will be used to provide critical infrastructure funding to accelerate replacement of aging water infrastructure in a disadvantaged community. | Borrego Springs CA | \$3,608 |
| Rio Hondo/San Gabriel River Watershed Management Authority | Funding will be used to provide groundwater recharge, flood control, water quality improvements, dry weather flow elimination, and trash capture. | Bradbury CA | \$3,500 |
| Resource Conservation District of Santa Monica Mountains (RCDSMM) | Funding will be used to help restore the Topanga Lagoon ecosystem, one of the last coastal wetlands in Southern California, and recover endangered southern steelhead trout and tidewater goby. | Calabasas CA | \$3,636 |
| Inland Empire Utilities Agency (IEUA) | Funding will be used to improve cybersecurity at a utilities agency to allow it to operate effectively and respond to cyberattack incidents quickly. | Chino CA | \$1,452 |
| City of Compton | Funding will be used to replace deteriorating sewer pipelines to prevent hazardous overflows and protect public health and groundwater quality. | Compton CA | \$4,000 |
| Central Contra Costa Sanitary District | Funding will be used to improve aeration system performance and reduce energy usage. | Contra Costa CA | \$4,000 |
| Georgetown Divide Public Utility District | Funding will be used to maintain a reliable potable water supply by replacing a water main. | Cool, Georgetown, Greenwood CA | \$3,000 |
| County of Butte | Funding will be used to help carry out vegetation management and fuels reduction projects across the County in order to protect Butte County communities and critical evacuation routes. | County of Butte CA | \$3,000 |
| County of Monterey | Funding will be used to address ongoing water quality problems for a small, disadvantaged farming community, which have caused its residents to live under bottled water orders for eight of the past ten years. | County of Monterey CA | \$3,668 |
| County of Placer | Funding will be used to increase resiliency and reliability by adding modern security measures and offsite monitoring capabilities for drought preparedness, as well as improving public health and safety. | County of Placer CA | \$1,500 |
| City of Dinuba | Funding will be used to upgrade a water tank in order to drastically increase the water available to a major portion of the city. | Dinuba CA | \$1,440 |
| City of Dos Palos | Funding will be used to build a new wastewater treatment plant. | Dos Palos CA | \$4,000 |
| City of East Palo Alto | Funding will be used to replace two extremely old and dilapidated water mains to eliminate leakage and improve the reliability of the water supply. | East Palo Alto CA | \$1,000 |

| | | | |
|--|---|-----------------------|---------|
| McKinleyville Community Services District | Funding will be used to create a comprehensive Forest Management Plan to guide the development of a new Community Forest. | Humboldt County CA | \$1,405 |
| Valley Sanitary District | Funding will be used to support beneficial reuse of wastewater currently flowing into the Salton Sea. | Indio CA | \$1,920 |
| County of Inyo | Funding will be used to replace antiquated, leaking pipes in a rural community, ensuring reliable water utility services to residential and commercial properties throughout the area. | Inyo CA | \$3,000 |
| City of Laguna Beach | Funding will be used to reduce the risk of sewer spills in Aliso Creek and the Pacific Ocean. | Laguna Beach CA | \$2,000 |
| Elsinore Valley Municipal Water District | Funding will be used to restore and upgrade a critical local water treatment facility to meet drinking water standards and improve the reliability and safety of the region's water supply. | Lake Elsinore CA | \$5,000 |
| Burbank Water and Power | Funding will be used to improve the capacity to provide reliable, safe potable water service to residents. | Los Angeles CA | \$3,000 |
| Foothill Municipal Water District | Funding will be used to provide enhanced drinking water supplies, reduce operating costs, and reduce imported water needs, thus reducing operating costs. | Los Angeles County CA | \$1,200 |
| City of Oxnard | Funding will be used to systematically replace identified aging cast iron waterline pipes at risk of failure. | Oxnard CA | \$1,600 |
| City of Pasadena | Funding will be used to replace components of the water and wastewater systems at the Rose Bowl Stadium. | Pasadena CA | \$3,500 |
| City of Redwood City | Funding will be used to replace undersized sewer lines in the core, enabling key mixed-use and affordable housing developments by expanding capacity for residential, commercial, and community infrastructure growth. | Redwood City CA | \$2,660 |
| City of San Diego | Funding will be used to alleviate flooding by enhancing the drainage capacity of Chollas Creek and improving the drainage system to contain a 100-year storm event, safeguarding the community from potential flood risks. | San Diego CA | \$6,200 |
| Santa Margarita Water District | Funding will be used to develop an innovative recycled water project that will capture and advanced-treat wastewater, turning it into a reliable, sustainable supply that will provide water for both indirect potable reuse and irrigation purposes. | Santa Margarita CA | \$4,000 |
| City of Santa Paula | Funding will be used to support the construction of a water pipeline project that links several key reservoirs in the city together as an efficient means of moving water from one area of the city to another. | Santa Paula CA | \$2,000 |
| Siskiyou County Farm Bureau | Funding will be used to improve salmon habitat. | Siskiyou CA | \$3,800 |
| City of South Gate | Funding will be used to treat wells for PFAS contamination in a water system that provides drinking water to an underserved densely populated, low income and disadvantage community. | South Gate CA | \$2,900 |
| South Tahoe Public Utility District | Funding will be used to replace aging water mains with larger, more resilient pipelines to improve system capacity, reduce leaks, and ensure a reliable drinking water supply, as well as improve public safety and wildfire preparedness. | South Lake Tahoe CA | \$1,200 |
| Colusa County Resource Conservation District | Funding will be used to re-establish historical fuel breaks and new right-of-way clearance on roadways around private lands, towns and residential communities within and adjacent to the Mendocino National Forest. | Stonyford CA | \$2,000 |

| | | | |
|---|---|---|---------|
| County of Sutter | Funding will be used to install a backup power generator to ensure reliable sewer service in a small, rural community. | Sutter CA | \$400 |
| Resource Conservation District of Tehama County | Funding will be used to support a wildfire mitigation implementation project to proactively cut and remove dead, dying, and diseased trees within the community to increase defensible space by reducing fuels load. | Tehama County CA | \$4,941 |
| Nor-Cal Guides & Sportsmen's Association | Funding will be used to enhance the survival of Sacramento River Chinook salmon through hatchery infrastructure improvements, release strategy modernization, and predation studies. | Tehama and Shasta Counties (between Hamilton City and and Redding) CA | \$2,000 |
| Rancho California Water District | Funding will be used to establish strategically located water access sites to support helicopter-based wildfire suppression efforts in high-risk areas, enhancing regional wildfire mitigation capabilities and helping protect drinking water sources and critical infrastructure. | Temecula CA | \$1,000 |
| Coachella Valley Water District | Funding will be used to extend sewer lines to multiple mobile home parks and resolve public health concerns. | Thermal CA | \$3,500 |
| City of Thousand Oaks | Funding will be used to will remove hazardous tree fuels adjacent to residential communities in order to mitigate wildfire risk. | Thousand Oaks CA | \$2,000 |
| City of Turlock | Funding will be used to build a methane phase digester for Turlock's wastewater treatment, a critical component to water treatment. | Turlock CA | \$3,000 |
| City of Tustin | Funding will be used to remove both nitrate and PFAS contamination from local groundwater supplies. | Tustin CA | \$2,000 |
