

United States Senate

WASHINGTON, DC 20510

April 16, 2026

The Honorable John Kennedy
Subcommittee on Energy and Water
Development
U.S. Senate Committee on Appropriations
Dirksen Senate Office Building
Washington, D.C. 20510

The Honorable Patty Murray
Subcommittee on Energy and Water
Development
U.S. Senate Committee on Appropriations
Dirksen Senate Office Building
Washington, D.C. 20510

Dear Chair and Ranking Member,

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2027 **Energy and Water Development Bill**, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate. None of the entities for which I have requested congressionally directed spending are for-profit entities.

Sincerely,

A handwritten signature in black ink, appearing to read "Adam B. Schiff". The signature is fluid and cursive, with a large initial "A" and "S".

Adam B. Schiff
United States Senator

**Schiff, Adam(D-CA) Energy and Water Development
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Army Corps of Engineers (Civil)	Funding will be used to advance design and environmental review of Alameda Point Stormwater Project.	Alameda CA	\$1,782
Army Corps of Engineers (Civil)	Funding will be used to develop a new municipal production well to ensure reliability of the system.	Bishop CA	\$2,500
Army Corps of Engineers (Civil)	Funding will be used to support a wastewater treatment facility and focused collection system.	Butte County CA	\$2,400
Bureau of Reclamation	Funding will be used to advance floodplain reactivation and salmon recovery in the Sacramento Basin.	Butte, Colusa, Glenn, Sutter, Tehama, and Yolo Counties. CA	\$15,000
Army Corps of Engineers (Civil)	Funding will be used to upgrade the treatment capabilities at the Copper Cove Wastewater Facility.	Calaveras County CA	\$3,100
Army Corps of Engineers (Civil)	Funding will be used to complete 35% design of flood defenses to protect downtown San Francisco, CA.	City and County of San Francisco CA	\$10,000
Army Corps of Engineers (Civil)	Funding will be used to design and construct an emergency backup power system in Adelanto.	City of Adelanto CA	\$2,500
Army Corps of Engineers (Civil)	Funding will be used to support the construction of a water improvements at Well No. 1.	City of Bell Gardens CA	\$12,500
Army Corps of Engineers (Civil)	Funding will be used to support the design phase of the Jurgens Pump Station Project.	City of Milpitas CA	\$3,000
Army Corps of Engineers (Civil)	Funding will be used to install a microgrid emergency power backup system to support public safety.	City of Milpitas, California CA	\$4,500
Army Corps of Engineers (Civil)	Funding will be used to complete design documents for the Central Water Treatment Facility.	City of Paramount, Los Angeles County CA	\$2,000
Army Corps of Engineers (Civil)	Funding will be used to complete construction of the storm drain pipeline system.	City of Paramount, Los Angeles County CA	\$6,000
Army Corps of Engineers (Civil)	Funding will be used to recharge aquifers and reduce groundwater overdraft.	City of Patterson CA	\$3,800
Army Corps of Engineers (Civil)	Funding will be used to advance design of regional water infrastructure improving supply reliability	City of Roseville and Placer County CA	\$3,445
Army Corps of Engineers (Civil)	Funding will be used for the construction of the airport lift station improvements.	City of Salinas CA	\$2,000
Army Corps of Engineers (Civil)	Funding will be used to support construction of the project.	City of Temecula, County of Riverside CA	\$47,614
Army Corps of Engineers (Civil)	Funding will be used to replace aging water meters and valves to improve water system efficiency.	Coachella, CA CA	\$1,495
Army Corps of Engineers (Civil)	Funding will be used to design improvements to Butte Slough Outfall Gates and improve the salmon habitat.	Colusa and Sutter Counties CA	\$5,000

Army Corps of Engineers (Civil)	Funding will be used to continue direct placement of dredged sediment at restoration sites.	Counties of Alameda, Contra Costa, Napa, San Mateo, and Solano CA	\$12,000
Army Corps of Engineers (Civil)	Funding will be used to build a portion of a water pipeline to connect city to water treatment plant.	County of San Benito CA	\$3,500
Army Corps of Engineers (Civil)	Funding will be used to support maintenance dredging of Channel Islands Harbor.	County of Ventura CA	\$16,330
Bureau of Reclamation	Funding will be used to complete physical modeling for improvements to the Robles Diversion Project.	County of Ventura CA	\$1,000
Army Corps of Engineers (Civil)	Funding will be used to manage, treat, & reuse stormwater and enhance water quality & water supply.	Daly City CA	\$3,500
Army Corps of Engineers (Civil)	Funding will be used to convert septic tanks to a sewer system to protect the groundwater supply.	Desert Hot Springs, Riverside County CA	\$4,000
Army Corps of Engineers (Civil)	Funding will be used to improve stormwater drainage and water quality in a disadvantaged community.	Escondido CA	\$3,000
Army Corps of Engineers (Civil)	Funding will be used to allow USACE to evaluate/design stormwater management facilities around Lone Pine, CA.	Inyo County CA	\$938
Army Corps of Engineers (Civil)	Funding will be used for construction of a water pipeline.	Kern County CA	\$5,000
Army Corps of Engineers (Civil)	Funding will be used for maintenance dredging at Marina del Rey to reduce accumulated sediment.	Los Angeles CA	\$16,380
Bureau of Reclamation	Funding will be used to continue groundwater cleanup efforts.	Los Angeles County CA	\$100
Army Corps of Engineers (Civil)	Funding will be used to improve iron and manganese treatment infrastructure.	Lynwood, Los Angeles County CA	\$3,500
Army Corps of Engineers (Civil)	Funding will be used for the procurement of generators and well site improvements.	Lynwood, Los Angeles County CA	\$3,000
Army Corps of Engineers (Civil)	Funding will be used to rehabilitate and redevelop an existing municipal groundwater well.	Lynwood, Los Angeles County CA	\$250
Army Corps of Engineers (Civil)	The funding will be used to construct a water storage reservoir with booster station.	Lynwood, Los Angeles County CA	\$3,500
Army Corps of Engineers (Civil)	Funding will be used to study flood-risk mitigation and ecosystem restoration.	Marin County CA	\$1,500
Army Corps of Engineers (Civil)	Funding will be used to restore wetland habitats.	Marin County CA	\$2,500
Army Corps of Engineers (Civil)	Funding will be used to build a pipeline connecting the North Marin Aqueduct to Nicasio Reservoir.	Marin County CA	\$2,500
Army Corps of Engineers (Civil)	Funding will be used to study and evaluate potential dam modifications to improve water supply reliability.	Mendocino County CA	\$1,858
Army Corps of Engineers (Civil)	Funding will be used to support the construction of the Black Rascal Creek Flood Protection Facility.	Merced County CA	\$10,000

Army Corps of Engineers (Civil)	Funding will be used to conduct annual maintenance and dredging of Morro Bay Harbor for ensured navigability.	Morro Bay CA	\$4,600
Army Corps of Engineers (Civil)	Funding will be used for dredging and beneficial reuse of sediment in the Back-Bay of Morro Bay.	Morro Bay CA	\$2,000
Bureau of Reclamation	Funding will be used to support planning, scope and design work for the groundwater recharge bank.	Placer county CA	\$1,000
Army Corps of Engineers (Civil)	Funding will be used to advance the Salton Sea Imperial Streams Feasibility Study.	Riverside and Imperial Counties CA	\$2,146
Army Corps of Engineers (Civil)	Funding will be used to provide flood protection.	Sacramento CA	\$123,656
Army Corps of Engineers (Civil)	Funding will be used to support a USACE feasibility study for flood risk reduction in Sacramento Co.	Sacramento County CA	\$750
Army Corps of Engineers (Civil)	Funding will be used to design and begin construction of flood risk reduction on the Cosumnes River.	Sacramento County CA	\$2,000
Army Corps of Engineers (Civil)	Funding will be used to initiate a one-year preliminary assessment to support Feasibility Study.	San Diego County CA	\$750
Army Corps of Engineers (Civil)	Funding will be used to carry out dredging, sediment removal, and beneficial use of dredged material.	San Diego County CA	\$2,500
Bureau of Reclamation	Funding will be used to modernize water distribution system through advanced meter installations.	San Fernando CA	\$2,000
Army Corps of Engineers (Civil)	Funding will be used to construct Oakland basin widening and design Alameda improvements.	San Francisco CA	\$56,000
Army Corps of Engineers (Civil)	Funding will be used to build a major flood control project.	San Joaquin County CA	\$150,000
Army Corps of Engineers (Civil)	Funding will be used to support the completion of the requisite feasibility study.	San Joaquin County CA	\$3,000
Army Corps of Engineers (Civil)	Funding will be used to construct a storm drain retention pond and associated conveyance facilities.	San Joaquin County CA	\$2,416
Army Corps of Engineers (Civil)	Funding will be used to install stormwater drainage infrastructure for the Boggs Tract community.	San Joaquin County CA	\$2,500
Army Corps of Engineers (Civil)	Funding will be used to improve resilience and water management for the Acampo Area in the River Delta.	San Joaquin County CA	\$2,000
Army Corps of Engineers (Civil)	Funding will be used to support flood protection for a wastewater plant.	San Mateo County CA	\$500
Army Corps of Engineers (Civil)	Funding will be used to reduce flooding at the shoreline of Half Moon Bay, and coastal areas.	San Mateo County CA	\$500
Army Corps of Engineers (Civil)	Funding will be used to initiate a Pine Flat Dam Raise feasibility study with the Army Corps of Engineers.	Sangar/Fresno CA	\$750
Army Corps of Engineers (Civil)	Funding will be used to support annual dredging of federally authorized Santa Barbara Harbor.	Santa Barbara CA	\$4,000

Army Corps of Engineers (Civil)	Funding will be used for dredging to keep the Santa Cruz Harbor operational.	Santa Cruz CA	\$700
Army Corps of Engineers (Civil)	Funding will be used to support design and implementation of the Project.	Santa Cruz County CA	\$12,827
Army Corps of Engineers (Civil)	Funding will be used to reconstruct failing flood control levees along the Pajaro River and its tributaries.	Santa Cruz and Monterey Counties CA	\$171,641
Army Corps of Engineers (Civil)	Funding for the rehabilitation of the Llano Trunk sewer line.	Santa Rosa CA	\$3,565
Bureau of Reclamation	Funding will be used to upgrade water infrastructure at Coleman National Fish Hatchery.	Shasta CA	\$5,000
Army Corps of Engineers (Civil)	Funding will be used for annual O&M dredging needed to facilitate the safe and efficient movement of goods and vessels.	Stockton CA	\$7,000
Army Corps of Engineers (Civil)	Funding will be used to purchase and install control gates, valves, and flow meters for a water distribution system.	Sutter County CA	\$3,700
Army Corps of Engineers (Civil)	Funding will be used to conduct Coastal Flood Risk Study in San Francisco Bay Area to address vulnerable areas.	The study covers the vulnerable areas within 9 counties around the San Francisco Bay. CA	\$750
Army Corps of Engineers (Civil)	Funding will be used for bank erosion protection.	Throughout the California Central Valley and vicinity. CA	\$6,000
Army Corps of Engineers (Civil)	Funding will be used for annual O&M dredging of Ventura Harbor.	Ventura CA	\$8,830
Army Corps of Engineers (Civil)	Funding will be used to initiate and complete a General Reevaluation Report (GRR).	Woodland CA	\$1,500
